Dear Coach,

Gold Medal Squared and TCA Volleyball ([www.tcavolleyball.com](http://www.tcavolleyball.com)) are pleased to announce a collaborative effort to provide year-round professional coaching opportunities for our respective coaching staffs. TCA and GMS understand that our staff is our product. Each organization has always been committed to investing in developing and growing our respective human capital. In many respects, both organizations share the same coaching philosophies, teach the same systems, and share similar goals for our staff.

We want to provide ways for our coaching staff to continually advance their skills, knowledge, and experience. With this in mind, TCA and GMS are announcing this collaborative effort to increase the professional opportunities for our staff. By collaborating, we are working to provide nearly year-round coaching opportunities for our staff. Additionally, we believe that by combining our collective resources for our staff, we will be providing them with the opportunity to launch a successful coaching career.

TCA offers club coaching opportunities in California, Texas, Georgia, and Maryland.

For more information about these opportunities feel free to contact:
